Dear Judiciary Committee,

I Oppose S.B. 16 An Act Addressing Gun Violence and Juvenile Crime, this Act does not address Criminal Gun Crimes and severely restricts the Constitutional Rights of honest, hardworking Law Abiding firearm owners. This Act erroneously expands Gun Free Zones, often named "Killing Zones" because 90 percent of ALL mass rampage shootings occur in these 'Zones'. Individuals with murderous intent choose to attack in such zones since they know they will not encounter resistance from Legally armed Law Abiding CT Residents.

Respectfully, Emily R. Curry, Oakville, CT
